

DCUE Academy

January 2017

What is the DCUE Academy?

We know that as professionals you are seeking ways to improve your craft and develop personally, but it's not always easy to find meaningful, cost-effective training. DCUE is working to provide easy access training to members throughout the year.

Member Mondays

On Mondays we will be offering sessions that will help our members navigate their personal lives. There will be sessions regarding financial planning, long term care insurance, student loan forgiveness programs, and information sessions about your local and state unions.

Teacher License Tuesdays

Tuesday nights will be dedicated to providing workshops that help teachers get the required CEUs they need to renew their licenses. We have workshops scheduled to meet the following six requirements: English Learners, Positive Behavior Interventions, Mental Health, Technology, Reading, and Differentiation. CEUs will be entered directly into Keep Certified for any attendees.

Working Wednesdays

On Wednesdays the building will be used for our Worksite Representative, Executive Board and other committee meetings. Interested in being more involved in the inner workings for DCUE? Contact Kate Schmidt at [Kate.schmidt@edmn.org](mailto:kate.schmidt@edmn.org).

New Teacher Academy Thursdays

Thursday nights are dedicated to the newest members of our profession. We will provide dinner and discussion around issues that are important to those that attend. These sessions will focus on providing support and information that you didn't get in college. Examples include: writing effective report card comments, classroom management, and dealing with difficult parents.

How do I register?

Click this [link](#) to register for training sessions.
